Open Discussion:

Tournament dates will be out shortly and we don't anticipate any drastic changes

The effect on some of the tournaments having a maximum entry at 100 last year was actually positive and it allowed the organizers to plan much easier as they received the entries much earlier.

Still some concern on the Rowans Ravine having a max field of 100. However they do/will have some flexibility if they are full early in the year. We will remind all SWT anglers to enter early to all the tournaments that have a reduced field.

Having prize pay outs to all levels of placements in a tournament a great thing  
We will be looking at expanding on these prizes if possible.

Board of Directors
